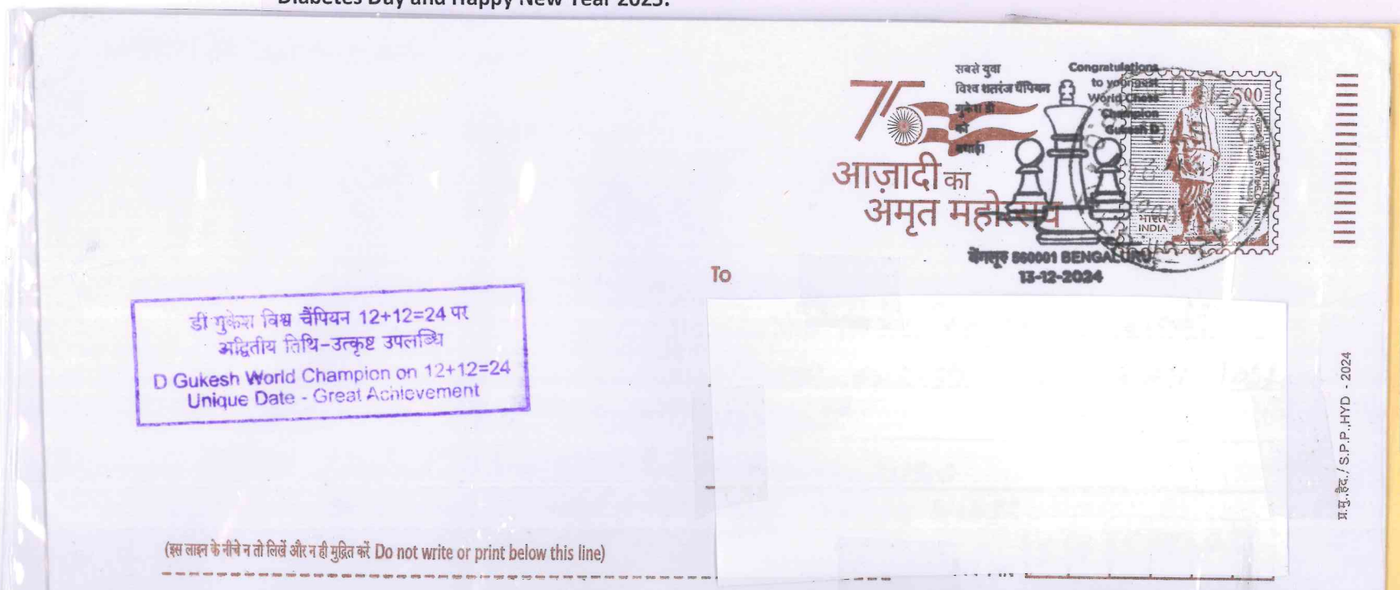
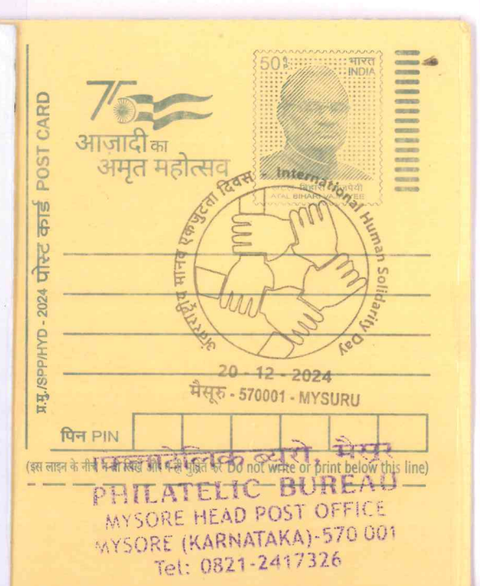
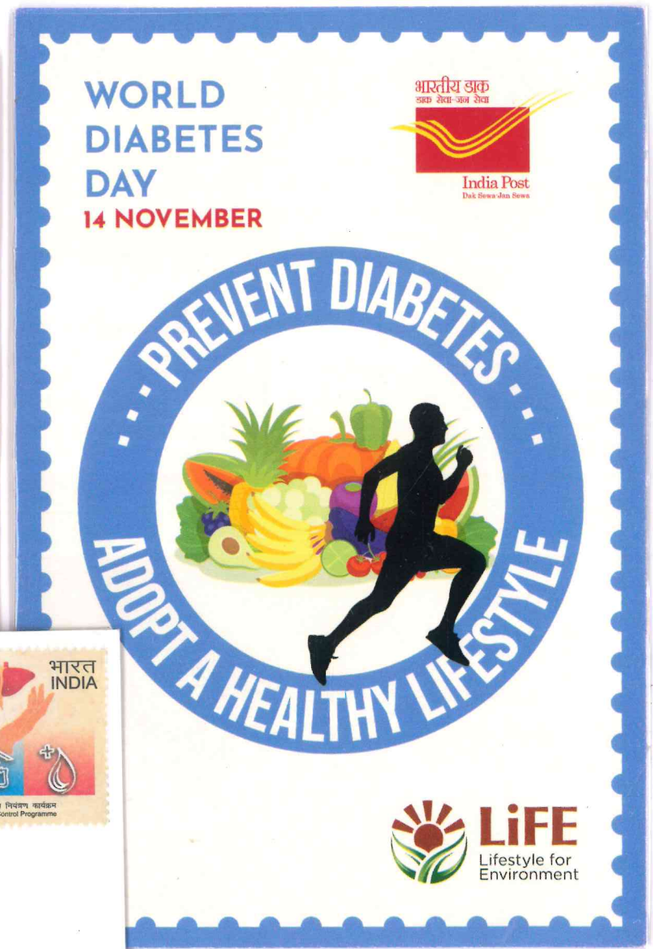
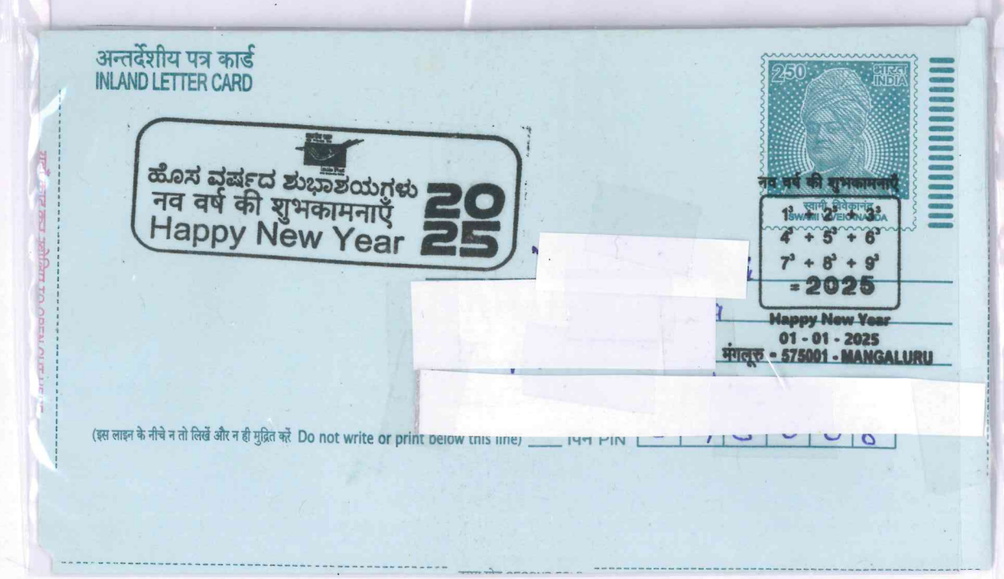
SPECIAL CANCELLATIONS

KISHORE K BAGLODI

A special cancellation is a representation through a seal or cache which symbolizes the occasion we are celebrating. For eg. If it is Women's Day the cache represents the Women theme in some form through the cache. Special cancellations are celebrated internationally, nationaly and for special victories by Nations. India Post release these special cancellations which are sought after by philatelists. These cancellations can be travelled on the first day of release. Collectors get the cache affixed on either postal stationery, private philatelic materials or on postal stationery related to the occasion with the same stamp which makes it very interesting to collect. These cancellations are released either by states or by region, or nationaly too. Sometimes the states release it in all bureaus or only in one bureau. So collection of releases of all states, all bureaus etc becomes very challenging. It creates awareness on various topics be it Nature, Person or Science etc. My display shows the special cancellation relating to








Special cancellations of Karnataka on World Chess Champion Mr. Gukesh, World Solidarity Day, Diabetes Day and Happy New Year 2025.
