

ANIMALS

We human beings are so obsessed that we fail to recognize the importance of this basic food chain without whom many things may not be able to co-exist. Not only that they are man's best friend and sometimes have proved to be more loyal to them too. Some of them are adorable while others ferocious but all the same just like our necessities from nature animals are also an integral part of nature. This one page is dedicated to these wonderful creatures ugly, beautiful, timid, ferocious makes no difference let us celebrate them.
