

Bull Almighty!

Andrés González-Bosques ATA Member 5887: gonzalezbosques@yahoo.com

The domestication of cattle traces back around 10,500 years ago descended from a wild ox. All cattle belong to the Bovidae Family, Bovinae Subfamily which comprises a group of 10 genera of medium to large-sized ungulates, including domestic cattle, bisons, buffalos among others. This exhibit takes a small look at the ALL-MIGHTY BULL through the eyes of a philatelist.
