

Permanent Pictorial Cancellations of Goa

M.R.Ramesh Kumar, PhD

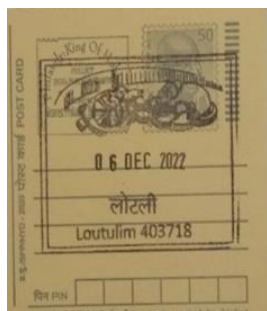

Goa is a state on the southwestern coast of India within the Konkan region, geographically separated from the Deccan highlands by the Western Ghats. It is located between the Indian states of Maharashtra to the north and Karnataka to the east and south, with the Arabian Sea forming its western coast. It is India's smallest state by area and its fourth-smallest by population. Goa has the highest GDP per capita among all Indian states. A Pictorial Cancellation is a postmark, which shows replica / photo / design or a picture highlighting a tourist, religious, historical or an important place or thing. Thus Pictorial Cancellations give wide publicity mainly to places of tourist interest and they are provided at the post offices which are located near such places of tourist attraction. As per available information, Pictorial Cancellations of permanent nature were first provided sometime in 1951. In the present exhibit, I am trying to exhibit all the 12 Permanent Pictorial Cancellations of the state of Goa, which have been issued till date.
