

# More Cinderella stamps from the Island of Lundy

Myron Molnau, [hobbies@turbonet.com](mailto:hobbies@turbonet.com)

The private local post service started in 1929 so this cover celebrates 50 years of service

These are a few stamps from Lundy Island that I picked up because I originally found many of them had ships on them.

These stamps are mostly from 1929 to the present. None are very expensive or rare but are fun to have in my ships on stamps collection since they all show a maritime motif.

More can be found on the Internet using Google and from the url
